Training programme on Research Methodology and Statistical Analysis Using SPSS 17.0

Programme dates : May, 1-3; July 10-12; Oct.9-11; Dec. 11-13, 2009.

(Tick Any One)

About the Programme:

School of Management Studies, JNTU in collaboration with SPSS South Asia Pvt. Ltd, Bangalore is organizing a 3 day workshop to familiarize the concepts of research methodology and **SPSS – 17.0** Statistical Package. The objective of the three-day training program is to impart the data analytical capabilities to the faculty, project leaders, business analysts, research scholars, and post graduate students, who want to enhance the quality of their work by using statistics for research. This will also enable to guide/lead research projects. The program was repeated several times during 2007-09 and the employees of organizations like ICMR, Infosys, Satyam, Answer Think, Medical Colleges, Market Research

Companies and University departments from India and abroad were the direct beneficiaries.

In view of the importance of SPSS in current scenario, where it has been added in the curriculum of Major Universities, this program is designed to reap maximum benefits out of the SPSS 17.0. **SPSS will provide certificate to all eligible participants.**

Venue:

Conference Hall & Computer Lab, School of Management Studies, JNTU, After Kukatpally Housing Board, Hyderabad-500 085.

About SPSS South Asia:

SPSS is a US \$ 350+ Million, Software Company, head-quartered in Chicago U.S, that has been involved in the Development and sale of statistical and data analysis software for the last thirty one years.

“SPSS 17.0 for Windows” is a highly interactive, easy to use, windows based statistical tool that is perfectly suitable for accurate data analysis. With a low learning curve, and extremely robust features, SPSS17.0 is the most preferred for research, academic and decision purposes. For more details on SPSS 17.0 please visit at www.spss.co.in.

About SMS JNTU:

School of Management Studies is one of the Schools of excellence established by JNT University in January, 1989 with the following objectives:

- **EDUCATION** - To facilitate the development of skills & attitude relevant to professional management through academic programme.
- **SCHOLARSHIPS** - To encourage spirit of inquiry & criticism for advancing theory and practice of Management through research and publication.
- **SERVICES** - To foster responsible professional management service to organisation and society through consultancy services.

How this will help?

1. Enhance the Analytical Skills for research.
2. Ability to use SPSS 17.0 for project consultancy.
3. Facilitate Research Scholars in completing their thesis.
4. Improve the quality of Education
5. Better MBA / M.Phil/Ph.D project guidance.
6. Work on SPSS-17.0 software for 14 days, with the support of SPSS statistician

Who Should Attend?

The participants to the program could be **Faculty, Research Scholars & PG Students of any discipline, Project Leaders, Business Analysts, Statisticians, and others who want to enhance their Data Analysis Capability.** SPSS 17.0 Software Training is intended to instill confidence in the use of statistics and interpretation of data.

What SPSS Will Provide?

1. SPSS will provide SPSS 17.0 software for evaluation for 14 days.
2. SPSS will provide a statistician, who will take you through the training program.
3. SPSS will provide support on your queries during the evaluation period.

Participation fee:

Rs.5000/ (Rupees Five Thousand Only) has to be paid in favour of Co-ordinator, EDP, SMS, JNTU, Payable at Hyderabad-85. The participation fee includes lunch, tea, course material, SPSS 17.0(latest) software training, 14 days SPSS 17.0 software evaluation CD. Please tick the dates during which you wish to attend the programme.
